Details and Style

When you are holding an Audrey piece of cutlery it feels like you have a precious item in your hand, but one that doesn't make you feel intimidated; on the contrary, they convey a sense of pleasantness and comfort. Our goal was to find an effective solution to all needs without them affecting each other negatively. Their formal outline conveys elegance and refinement, and these features are heightened by the smooth, soft and elongated lines of these pieces of cutlery, whose uniqueness lies in their side, due to the clearly perceivable change of thickness near the neck, a feature that enriches this collection.
